

GREATER VICTORIA LOCAL IMMIGRATION PARTNERSHIP

The Greater Victoria Local Immigration Partnership (GVLIP) is a coalition of newcomers, community organizations, government agencies, businesses, and institutions focused on improving the integration, belonging and inclusion of newcomers in the Greater Victoria area.

Local Immigration Partnerships (LIPs) are funded by Immigration, Refugees, and Citizenship Canada (IRCC). There are currently about 80 such coalitions in Canada.

The GVLIP has three main points of engagement

Partnership Council: consists of community leaders who represent different sectors (e.g., government, public services, education, business, health care, housing, and settlement) and provide strategic direction to the GVLIP;

Immigrant Advisory Team: consists of a diverse group of newcomers who advise the council and sector tables.

Sector Tables: sector-specific working groups who focus on implementing specific annual action plans and foster changes in the community to support the overall strategic goals of the GVLIP.
